## **Program Overview**

The Interior Design Program provides an in-depth education in creating functional and aesthetically pleasing interior spaces. It equips students with the creative, technical, and practical skills necessary to design environments that meet both the needs and tastes of clients. Through a blend of theoretical and hands-on learning, students explore the principles of design, space planning, and visualization techniques, enabling them to transform a variety of interior settings. The program emphasizes both the artistic and practical aspects of design, focusing on creating spaces that are visually compelling while also being functional. Students develop their skills through real-world projects and immersive experiences, preparing them for professional roles in the interior design industry, where they can apply their expertise in various residential, commercial, and public spaces.

## **Program Content**

- Interior Styling course.
- Free hand perspective drawing course.
- AutoCAD course.
- 3D Max modeling course.
- 3D Max rendering course.
- Spatial Design course.

## **Program Delivery Method**

Face to Face

## **Learning Outcomes**

By the end of this program, students will be able to:

- Create innovative and functional design concepts that address the needs and preferences of clients, considering aesthetic, practical, and environmental factors.
- Generate accurate and thorough design documentation using industry-standard drafting techniques and software.
- Demonstrate proficiency in using design software and tools for 2D and 3D modeling, visualization, and rendering, enabling effective presentation of design ideas.
- Apply principles of space planning to optimize the functionality and flow of interior spaces, considering factors.
- Evaluate and select appropriate materials, finishes, and furnishings based on design intent, performance, sustainability, and cost-effectiveness.
- Design effective lighting solutions that enhance the aesthetics and functionality of interior spaces, considering both natural and artificial light sources.
- Present design concepts and proposals clearly and persuasively to clients and stakeholders, using visual and verbal communication skills.

## **Requirements for Successfully Passing the program**

- Commitment to attend the training courses and not to exceed the permitted absence rate, which is 15% of the number of hours for the training course.
- Submission of the courses projects.
