## **Course Overview**

Draping is a dynamic and essential technique in the world of fashion design, offering designers a tangible way to bring their creative visions to life. This Draping course is designed to immerse you in the art of shaping fabric directly on a dress form, allowing you to conceptualize, create, and refine garments in three dimensions. It is a hands-on exploration of how fabric can be transformed into stunning fashion pieces. And it's a versatile and vital skill for fashion designers. It complements traditional pattern-making techniques by offering a more organic and intuitive approach to creating unique and innovative designs. The ability to drape empowers designers to experiment with fabric, form, and fit, resulting in truly distinctive and bespoke fashion creations.

## **Course Content**

- Introduction to Draping.
- Understanding the Concept of Draping in Fashion Design.
- Tools and Materials.
- Familiarization with Draping Tools and Equipment.
- Selection and Handling of Various Fabrics for Draping.
- Basic Draping Techniques.
- Pinning and Securing Fabric on the Dress form.
- Apply Different Models using the Draping Technique.
- Fitting and Adjustments.
- Making Necessary Adjustments for Better Fit.

## **Course Delivery Method**

**Classroom**

## **Learning Outcomes**

By the end of this course, students will be able to:

- Gain knowledge of how different fabrics react when draped on a mannequin, including their flow, stretch, and ability to hold shapes.
- Learn fundamental draping techniques such as pinning, folding, and manipulating fabric to create patterns directly on the mannequin.
- Develop the ability to create various types of garments, such as skirts, dresses, and bodices, using draping techniques.
- Explore creative design ideas and experiment with shapes, volume, and proportion directly on the mannequin. - Recognize and respond to social media trends and crises.
- Enhance problem-solving abilities by addressing fit, design adjustments, and fabric constraints while draping.
- Develop an understanding of body shapes and how fabric interacts with the human form.

## **Final Project**

- Design and Implement a Piece using the Skills the Student Learned in the Course.

## **Requirements for Successfully Passing the Course**

- Commitment to attend the training course and not to exceed the permitted absence rate, which is 15% of the number of hours for the training course.
- Submission of the course project.
